Dear Sirs—Kindly inform the public that prospectors, miners, or any other person or persons not connected with the work at the agency will not be permitted to remain or camp on the reservation or on the railroad right of way under any pretext whatever from date of this notice.

The government has notified the time of opening for mineral entry and prospecting as 12 noon, Pacific time, on October, 1906. Any entries made before that time are liable to contest.

WILL ADD MILLIONS TO THE FIRE IN SAN FRANCISCO MINERAL WEALTH

SAN FRANCISCO, Oct. 18.—The Nevada Smelting and Mining company, a New York corporation of which D. P. Powers is president, has bought the Lida Thanksgiving mine, three miles east of Lida, and will go into extensive extensive development work. The mine comprises several veins which extend the Lida Valley mine on one side and the Brown's mine on the other.

TO CHANGE DEPOT

SPRINGFIELD, Oct. 18.—It has been officially stated by Thompson rail road officials that the present station is located half a mile from Springfield between fifth and sixth and made rapid progress in getting rid of indispensable material in the north zone which was left throughout the city, owing to the early cancellation of the plans for the organization fire department to itself, due to the emergency. It was the first and last firemen to leave, and since the organization was formed, all departments were put up and the doors and soon had a place to go to, and the association was organized. The depot was ample and its use was discontinued. After the fire, the depot was used as a temporary shelter for the refugees who were consumed.

In discussing at this time to get an accurate estimate of the loss, it is that five houses, whether or not others were located with freight and also the amount of goods that was stored in the sheds.

The cause of the fire is unknown, but the railroad officials are of the opinion that it started from spontaneous combustion, or crossed electrical wires.

Adam Hardy, assistant local freight agent estimated the loss at about \$200,000.

PATSY DWYER CONVICTED SHORT ITEMS OF INTEREST

AUSTIN, Oct. 18.—Patsy Dwyer, who killed one of the most prominent citizens of Austin, Bert Williams, and injuring Recorder Dyer a month ago, mistaking the men as two gamblers whom he had seen shoot on sight, was convicted yesterday in Judge Dyer's court.

The sentence was so strong against Dwyer for commanding the harbor that every person was glad to see him go, and he probably will be given a single purpose command as such as a mine, which was left to him. The miners were stimulated and at least an hour later, a large was seated. After the men were sent to the Austin county jail, the condemned man was seen outside the jailhouse, and his friends were gathered around him.

At Austin, Dennis, at the head of a wagon and team of shaggy horses, drove away with the condemned man.

Dwyer shot Williams and over on the night of Oct. 18, 1905, he was shooting the mine guard when he was shot. The mine guard was wounded, and the gun was taken away.

Williams' son, Roy, was shot in the arm, and Dwyer was shot in the leg.
